Not so much of the midnight oil, but I am a night owl. When I complete a deliverable, my normal procedure is to set it aside for whatever time the delivery deadline permits and then give it a final cold read before I hit the send key. The time zone difference is also a great help and I'm totally flexible regarding work days being Tuesdays or Sundays - and with all of the 24/7 activities around LV and nobody else in my household on a fixed schedule, we have the luxury of not needing to fit our personal lives into the weekends – besides those mid-week show discounts are fantastic!

I'd like to be on the strategy call if possible. I'm keeping my schedule clear for a trip on the 16<sup>th</sup> > 17<sup>th</sup> > 18<sup>th</sup> of October. I'll need to fly in on Wednesday to be there in time for a Thursday morning meeting. There are return flights from Harrisburg at 5:30pm and 7:00pm on Thursday, but I'm keeping my schedule clear on Friday just in case of delays.
